I'm in a different hotel this trip. They put me on the 37th floor (which is really 36 because this hotel caters to the superstitious and doesn't have a floor number 13) at the top of the building where most rooms are the special Presidential Suite kind of rooms. All but mine. But the good news is that there are no presidents staying here so the floor is empty. I did get a nice corner room. Attached is the view looking Northish (inland) about an hour before sunset yesterday.

I'm getting ready to checkout and go hold my breath for a few days, that old underwater thing again.

Cheers,  
G.
